

Thanksgiving is a special day of *thanks* and *giving*.  
Feeding the Valley's **the big gobble** is back!

This event began in 2008 as an outreach activity by a local restaurant in Uptown Columbus to provide and deliver a traditional Thanksgiving meal to people in need on Thanksgiving Day. Working with community assistance agencies and with the help of wonderful volunteers, last year more than 1,200 Thanksgiving meals were prepared and delivered to individuals, families in need, disabled and home bound people in the Columbus community. This year, we are reaching out to our neighbors in Phenix City and our goal is to provide **1,500** meals.

Volunteers are needed the throughout the week of Thanksgiving for various jobs to prepare for **the big gobble** event on Thanksgiving Day.

Let's make Thanksgiving  
a day of *Thanks* and *Giving*  
for people in our community.
